'GO NAVY' SAYS LOIS SAPP

## CITY TO PROVIDE AMBULANCE SERVICE

Cameron city council accepted responsibility for ambulance service for North Milam at the close of a three-hour called meeting Monday evening.

The city will take over the service, with county help, after September 30, which is the date both local funeral homes' extension will end.

Details are still to be worked out, as to dispatcher and drivers, but the council will take care of these before the new deadline.

It was the general opinion that with good management the city shouldn't lose over \$4,000 a year, the amount to be paid by two county commissioners for Pct.s 1 and 2. The commissioners also pledged \$1,000 each if the city operates at a deficit.

Council agreed that this is "the best deal we're going to get," and discussed hiring a family to operate the service with police department personnel as a backup force in an emergency.

It was also agreed that present ambulance charges are too low, and increased rates would help to pay for the service. The funeral homes said they collect about \$10,000 a year.

In the regular Tuesday meeting, ambulance service was again discussed, with the feeling that "it was shoved down our throats" and someone had to do it.

A committee of councilmen Ernest Moore, Monroe Fuchs, and Jan Luecke was appointed to work out details of the service.

Council also agreed that the service may entail an increase in city taxes, and higher ambulance fees. Fuchs spoke for the council, saying, "We didn't want the responsibility and feel this should be a county service."

## Commissioners OK Funds To Help Ambulance Costs

County commissioners Monday morning approved expenditure of \$2,000 each by commissioners of Precincts 1 and 2 for helping out with ambulance service to be taken over by the city.

The motion also included the stipulation that if the city shows a deficit for ambulance service at the end of its fiscal year, commissioners LaVert McKinney of Pct. 2 and Adolph Gresak of Pct. 1 would pay a portion of the loss not to exceed \$1,000 each.

Speaking before commissioners at their regular meeting were Cameron city councilmen Monroe Fuchs and Jan Luecke.

Fuchs told commissioners the city would prefer the service to be a county function, but the county has no way of operating the service on an efficient basis. He said the city is "ready for it to be over and I'm sure you all are, too."

Fuchs promised that there would be a close accounting of funds used for the service.

In other business, commissioners approved a public weigher bond for Gene Hillman and viewed plans for a storage shed to be constructed near the county jail. Cost estimates will be obtained for further action.

Commissioners approved expenses for the county judge and two commissioners to attend a meeting of the South Texas County Judges and Commissioners meeting at Laredo this week.

County Judge O. B. Harden read a letter of thanks from A. W. McCullin, president of the Milam County Junior Livestock Association, expressing gratitude for the county's contribution to the building of a show barn.

Harden also read a letter from the Department of Interior requesting a \$100 a month salary increase for the county trapper. This was tabled for another meeting.

Commissioners voted to appoint Maurice Lowrey as constable of Pct. 1 effective July 1.

## Thousands Throng To Annual Folk Fete

Hot June weather did nothing to deter the thousands of visitors who flocked to Folk Fete '76 over the weekend, as a parade led events Saturday and bicycle races headlined Friday's activities.

Hundreds crammed into the National Guard Armory Friday night for a dance with music by The Moods of Country Music, and other crowds joined the Little Fishermen Saturday night and Vrazel's Polka Dance Sunday evening.

Good food was available at ethnic food booths and arts and crafts displays also drew their share of the crowds.

The Saturday parade drew a large number of entries, along with horses and riders. A reviewing stand on the mall held the judges, and trophies were awarded a s follows:

In town--first, Fleur de lis Garden Club; second, Farm Bureau Woman's float; third, Cameron 4-H Club.

Out of town--first, Miss George-town, Chamber of Commerce; second, All Stars Twirling Corp.; and third, Miniature Antique Model T.

A feature of the parade was Del Fuller, 92, who rode his own horse. He has ridden in all Cameron parades and has lived in this area all his life in the Yarrellton community. He is now living with his daughter, Mrs. W. O. Rinn.

### BICYCLE RACES

In tricycle races, 5 and under, Gerry Gelner, first; Gary Bishop, second; and Danica Dodson, third.

In the bicycle race, 6-11, Larry Moore, first; Monica Kelm, second; and Jimmy Tate, third. In the 12 and over race, John Krall was first; Martin Luecke, second; and Dave Smith, third.

Three-legged race--Jimmy Tate

## Plans Continue For July Worship

Plans are continuing for the July 4 community worship service to be held at Yoe Field to mark the nation's Bicentennial.

Guest speaker for the evening, Lt. Col. USAF and chaplain at Carswell Air Force Base, confirmed his invitation to speak. His subject will be "Taking the Long Look."

Immediate plans call for all who will help to gather for choir practice in the First Baptist church on June 20 and 27 at 3 p.m. Phil Smith will be choir director. Everyone who can sing, even a little bit, is urged to join the choir for this special occasion.

and Larry Moore, first; Janet Dusek and Teri Fuchs, second; Ken Smith and Kathy Dusek, third.

Piggyback race--Dave Smith and Jennifer Smith, first; Paul Hoelscher and Gerald Moore, second; Thomas Dusek and Greg Hoelscher, third.

Sack race--Dave Smith, first; Gerald Moore, second; and Janet Dusek, third. Egg relay--Eddy Mueck and Dave Smith, first; Greg Hoelscher and Thomas Dusek, second; Kelvin Kelm and Paul Hoelscher, third.

### CHILI COOKOFF

In the chili cookoff, Mrs. R. B. Harrell of Lyons won the first place trophy; Buddy Wise of Thorndale won second place; and third place went to Dave Westerman of Thorndale who also won the showmanship trophy.

## Renovation Planned For Ada Henderson

Plans for renovation of Ada Henderson School will move forward this summer after the Cameron school board voted the project at a regular meeting Monday night.

Plans are to get as much work done as possible before school starts again this fall.

The renovation program calls for new lighting in all rooms, sanding floors, painting the interior, and installing tile in the halls and the cafeteria.

Cost is estimated at \$26,552, but Supt. Buddy Dulin said this may be greater if some other things come up.

Board also plans to have the interior of the high school band hall finished this summer. Other work on the campus will include putting another coat of asphalt on the school tennis courts and removing basketball equipment to be installed on the northwest side of the gym.

The resignation of Norma Hearst was accepted and board hired Ann Slade, Suzi Britton, Willine Stanislav, Diane Webster, and Harold Schkade as junior high coach.

Supt. Dulin gave a report on a preliminary budget he has drawn up, and said it looks like the tax rate will remain the same and the school will have about \$77,000 for building and renovation.

Dulin said the school will need two more classrooms when kindergarten is required all day.

Head Coach Ed Cauley presented his budget to the board, in the amount of \$37,146, a little higher than last year.

## Flag Dedication, Contest Winners Set For Sunday

Dedication of a flag and pole for the O. J. Thomas Park on Emancipation St. will be held Sunday, June 20 at 2 p.m.

Winners of the west side improvement contest will also be named and will receive awards from Gene Blake of the Coca Cola Bottling Co. Winners will be announced by city councilwoman Jan Luecke.

The flag will be presented by U. A. Crow of Woodmen of the World and will be raised by members of the projects committee, Albert Kelley, and Julius Whiteside.

Music will be furnished by the Yoe High Band.

### AN EARLY SIGN?

Texas indeed is a land unto itself. It is the land of the "big deal." Perhaps that is why relatively few Texans make it big outside of Texas except in politics.

117-117-117

An example is a conversation only several years ago at a reception.

Two Texans were talking about a third person who, they opined, had done something "big enough for Texas."

It was a compliment. And yet, the effect of the comment put it in two dimensional length and breadth. Depth, other than in oil wells and cow chips, has not always been a common thing here.

It is a contagious attitude, one which attracts growth second only to California, which outside some outstanding universities, Disneyland, and San Francisco, is a sub-cultured "plastic society."

This is an apparent individualistic society. The true individual, the real non-conformist, who doesn't fit a Texas stereotype is sometime partitioned off.

It's difficult to believe that Maury Maverick came from Texas, though he did. Since he fit the stereotyped Texan view of a non-conformist, he provided a descriptive of a Texas political non-conformist.

Had he been a hippy, an intellectual or some other alternative to the "good ol' boy" or the Texas Establishmentarian, he would have been invisible. It is certain he held the credentials to be tolerated, to become legendary.

Until recent years, it was important that Texas politicians be wealthy to the point that their political progenitors furthered their financial growth while in office.

The public was filtered through the oil-filled eyes of "poor little ol' independent oilmen" worth a couple hundred million or more. Corporate oil has changed that. And we hear sinister things about corporate oil. Their PR men find it difficult to be "good ol' boys." But, nobody wants them to be anymore.

Texas has always meant courage and size. It has also meant Texans have taken their legends too seriously, that they have put blinders on perception and provincial limits on attainment. The dimensions of the place are enormous, though much of it is wasteland, enriched by mineral rights, even as Alaska is much a tundra and frozen mountains, split by a pipeline.

To listen to men who talk about things "big enough for Texas," little credence is given to 300 years of Spanish culture which brought horses and introduced ranches and cowboys to Southwest and Central America. That was a pretty "big deal."

Mary Martin, for example, is being honored in hometown Weatherford with a bronze statue on the courthouse lawn. To many Texans, she was a Texas girl who made it big on Broadway and in Hollywood.

In most of the country, she is remembered for her portrayal of "Peter Pan," a legendary role created on stage by Maude Adams in New York 70 years ago. The statue of Mary Martin in Weatherford is in her Peter Pan costume.

Mary earned millions of dollars over her career, which probably impressed the homefolks more than her theatrical gifts, which also were legendary.

Physical attainment is still important in so large a place, but it is almost a complex that compelled Texas' identity with owning, accumulating, "branding."

That era is ending. It is part of Texas history. Texas' new wealth is the same as the old, a vast expanse of territory rapidly changing in the "big deal" of technical, intellectual, and industrial accomplishment.

The tribute to Mary Martin may be an early sign of relief.

## Police Investigate Accidental Death Of Small Child

Police are investigating the accidental death Sunday of a three-year-old Cameron child who was run over by a backing car.

Pronounced dead on arrival at St. Edward Hospital about 7:30 Sunday night was Daniel Lopez, son of Mr. and Mrs. Felipe Lopez Jr. of 308 S. Burleson.

The accident occurred near the child's home when a car driven by Reynaldo V. Aldaret, 29, of Rogers, backed over the child.

The driver left the scene and was arrested in Thorndale by police. Aldaret told police that he didn't know he had backed over the child. Funeral for the child was held at 2 p.m. Tuesday in St. Monica's Catholic Church, the Rev. John Geiser and the Rev. Louie Pavilicek officiating. Burial was in the Hernandez Cemetery in Cameron.

Surviving are his parents; one sister, Sylvia Lopez of Cameron; three brothers, Gabriel Lopez, Phillip Lopez, and Richard Allen Lopez, all of Cameron; and his grandparents, Mr. and Mrs. Caparino Flores of Cameron.

## Congratulations Twice...

We congratulate the Cameron Independent School District for their decision Monday night to resurface the three Yoe High School courts and to create a basketball surface on which to place goals near the remodel gym.

And we congratulate Community Development Agency for continuing work on the new O. J. Thomas Park adjacent to OJT Mid-School, which will include two basketball courts, two baseball diamonds and two surfaced tennis courts.

Net result is that basketball will gain what amounts to three courts, one outside YHS gym, two at OJT park, beside the surface going to basketball on the OJT campus.

Two ball diamonds will extend to three the community locations for baseball and softball, other than practice areas at Yoe Campus.

Tennis will regain full use of one court when the YHS courts are resurfaced.

Tennis will then come of age in Cameron with nine courts useful for leisure and competitive tennis.

It marks the fulfillment of a need in this individual sport which somehow encourages full or negative attention in this community.

Since a clinic in summer, 1971, through organization of a community tennis club through funding the tennis center at City Park, the game has gathered about 60 tennis

club members, about 50 competitive players in junior high and high school, perhaps another 125 players who enjoy the game, particularly with adequate night lighting at City Park.

The Cameron Open attracted about 60 players. If these additional courts and improvements are available by late summer, another Cameron Invitational will attract double that number of players by Labor Day. School tournaments and club tournaments have brought perhaps 200 into Cameron tennis.

It has seemed absurd to this newspaper through those years to find the kind of resistance which critics raised.

By the same token, clubs throughout the community have ignored the negativism to raise funds for the tennis center.

Which is to say critics failed once again because the merit of this program is historic and obvious.

This co-operation encourages other initiatives in other areas of community improvement which may appear more important than facilities for an individual sport.

Thanks for this CISD board finally seeing CISD's own need and Community Development for carrying through with the athletic facilities, not only tennis, which this town has always needed.

### "Low Down"

FROM THE  
Congressional  
Record

By JOE CRUMP

(A Column for Readers Who Haven't Time to  
Review the Congressional Record Daily)

#### CONGRESS URGED TO CLEAN 'BEFOULED NEST'

Rep. Bill Frenzel (Minn.)... Depending on whose poll you read, Congress scores a favorable rating from the American people of somewhere between 10 and 20 percent—hardly a ringing vote of confidence. The lack of trust is based both on legislative performance and the Members' personal deportment.

"Three recent events have reduced that rating even further. A prominent TV show accused one Congressman of conflicts of interests. Then a national daily made charges of congressional cheating on travel expenses. Now a powerful committee chairman is accused of hiring a staff member solely to serve as his mistress."

"The Congress was a raging tiger in attacking the privilege and arrogance of the executive department. It's now a shrinking violet about

looking into improprieties of members of its own club... Are Members of Congress accountable to anyone, or to any standards, except at election time?

"Three events should be catalysts to begin a thorough housecleaning. Try standards of conduct for openers. Add regular audits of expense reporting, and prohibition of nepotism. Throw in also some hiring standards, uniform salary schedules, and then supervise the whole congressional staff through the Civil Service Commission."

"Most Members of Congress do their jobs conscientiously and well. Yet these incidents reflect adversely on every Member, on those who control Congress, and on the American people. A sense of public outrage stimulated the Watergate investigation; one of congress' finest hours. Will the same constituency muster the outrage to demand that the House clean

up its own befoiled nest?

#### CRUMP'S GRASS ROOTS COMMENT

Respect for Congress hit a new low when it was revealed that they had slipped through an amendment to a bill giving them an automatic cost-of-living salary increase without having to stand up and be counted.

Regarding 'legislative performance', instead of passing legislation to encourage the drilling of new oil and gas wells, as American production declines, they waste valuable time wrangling over the best way to break up the oil companies. Americans meanwhile, at the mercy of the OPEC Nations, are on a collision course with an oil shortage that will guarantee the rationing of natural gas, gasoline, and Home Heating oil.

"Half the truth is often a great lie." Franklin

#### Dateline Austin

A House sub-committee is concerned with \$10 million or more in state funds deposited in banks by small regulatory and licensing agencies and not subject to legislative control.

The panel began hearings here last week to determine if the money should be turned over to the state treasury as is bulk of funds appropriated to governmental departments.

A bill to require that money received by the agencies be deposited in the treasury within specified limits has been introduced in past legislative sessions.

Some Legislators feel the state is entitled to interest on all major deposits. They also contend all agencies should have budgets drawn for them and appropriations handed to them by the legislature.

The small agencies, who operate outside the treasury and normal appropriations process, note that they are spending fees and charges assessed individuals subject to their regulation.

They claim, further, they can operate more efficiently and with greater flexibility using their fee and licensing charges to meet their own needs.

The sub-committee will make recommendations to the next legislature on the subject.

Chairman Rep. W. H. Healy of Paducah reportedly indicated sympathy with a bill to require that funds received by any

official state agency go into the treasury promptly.

#### Parts Price Up

If you replaced all the parts of a 1976 car that sold for \$4,438, you would pay a total of \$19,979, according to a new study reported by Southwest Insurance Information Service.

Prices charged by auto manufacturers for the replacement parts are driving up insurance rates for Texas drivers, according to SIIS.

In a single year, repair costs have increased 20 percent due largely to parts prices. Grilles, radiators, water pumps, trunk lids, bumpers, and other frequently-damaged parts rose more than 47 percent in three years.

SIIS said car manufacturers aren't enthusiastic about building more-crash-resistant vehicles.

#### Jobs Ending

Six hundred more jobs in the State Department of Highways and Public Transportation probably will be eliminated by September 1.

Since last September, 2,250 jobs have been eliminated. Actually, the number of employees has been declining since the 1972 Interstate Highway construction project peak.

Statewide, the department's work force will have dropped from

20,000 in 1972 to 14,850 by September 1, according to Engineer-Director Luther DeBerry.

DeBerry said inflation has hit the highway construction and maintenance field, and growth in taxes on motor vehicles has not kept pace.

Other states are experiencing similar problems.

#### Courts Speak

The Third Court of Civil Appeals here upheld constitutionality of the state's 10 percent tax on mixed alcoholic beverages.

Texas Supreme Court set for July 14 medical malpractice suits from Gray and Taylor Counties to determine whether surgeons are responsible for sponges left in abdomens of patients during operations.

Invalidation of Austin City Council's action renaming 19th St. in the Capital City Martin Luther King, Jr. Blvd. was upheld by the Third Court of Civil Appeals.

The Supreme Court overturned a Randall County trial court order of a father to jail until he paid \$4,710 in back child support payments.

Court of Criminal Appeals ordered a new trial for a San Antonio man convicted of burglary and sentenced to 12 years, determining the trial judge did not apply the law on burglary to case facts.

Atty. Gen. John Hill is seeking to intervene in the Fifth Circuit Court of Appeals opposing Florida's bid for designation as an "adjacent coastal state" with respect to gaining veto power over a deepwater superport off the Texas Gulf Coast.

#### AG Opinions

An investigative file of the State Securities Board enforcement division is accepted from public disclosure, Atty. Gen. Hill held.

In other recent opinions, Hill concluded:—The Open Records Act does not apply to information maintained by the judiciary.

Improperly collected

#### Out of Orbit

THEY SHOULD HAVE PICKED YOU—YOU'RE A PERFECT ASTRONAUT!

## OLD PHILOSOPHER

Dear editor:

Some people are saying that the spirit of independence has gone out of America, that the old, original, individual aggressiveness is disappearing, that too many people are waiting around for the government to take care of them. Little knowing that the government is having a hard enough time taking care of itself.

Such people have not been paying attention to men on television lately. They haven't noticed that more and more men are wearing vests.

The clothing industry for one, like buckskin wearers 200 years ago, still believes in and practices the pioneer spirit.

For years the clothing manufacturers thrived on women's willingness to be told what to wear, long skirts this year, short ones next year, although they much preferred to go from short to long because the other way

around some women took their scissors and stayed in style. You can shorten a long dress but it's hard to lengthen a short one.

But then women started getting independent and put on pants, leaving the dress manufacturers and their fluctuating dress lengths about in the same shape barbers were when kids stopped getting haircuts.

Did the clothing manufacturers run to Washington for help? No. They took aim at men. First they tried changing the shape of the coat lapels. This worked in some cases but not enough men noticed the change and kept wearing last year's suit. Then they flaired the pants leg, and that helped a lot, making some men with narrow cuffs ashamed to come out in public.

Now the manufacturers have come out with vests. From the President on up to Walter Cronkite, they're wearing them on television, makes no difference what the temperature is or that nobody has a pocket watch and a chain to drape across them.

This will go on I guess, even going so far as getting politicians to step off planes wearing hats, till some small group of radicals start a movement called Men's Liberation.

By the way, although it doesn't seem likely now, for a while I was speculating on how interesting it'd be if the Democrats nominated Jerry Brown and the Republicans Jerry Ford. Then all of us in this country could cast our fears over what somebody else might think of us for taking a public stand on politics and defiantly put bumper stickers on our cars: "I'm for Jerry."

Yours faithfully,  
J.A.

The Lonely Heart

## Air Conditioning and your electric bill.

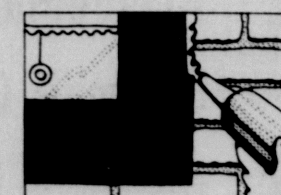

The summer months in Texas are that time when the largest factor in most electric bills is operation of air conditioning equipment. On the average, air conditioning accounts for about half of summertime bills.

The most important single factor in holding down the cost of air conditioning is insulation.

Proper insulation blocks out heat. Six or more inches is recommended for attics, three or more inches for walls and two inches around the ducts of central systems. Insulation dealers or a TP&L Service Representative will help you determine the

amounts you have and the amounts you may need to add.

Replace missing or worn weather stripping around door and window openings. Caulk around the outside of doors and windows where the frames meet the walls.

You may want to install simple "storm windows" plastic sheeting attached to lightweight wooden frames which completely cover window openings. Awnings will also help.

Keep fireplace dampers closed when not in use. Close blinds or drapes to block out direct sunlight.

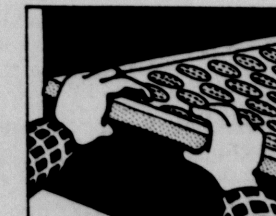

Have your air conditioning equipment checked seasonally by a qualified serviceman.

Set the thermostat on 78° or higher. Turn equipment off if you will be away from home for several days or longer.

Keep furniture and draperies away from air outlets and returns. Clean grills often.

Check filters every 30 days. If you have the permanent type, clean them by manufacturer's directions; if they're the disposable type, replace them when they're dirty.

Have your air conditioning equipment checked seasonally by a qualified serviceman.

Set the thermostat on 78° or higher. Turn equipment off if you will be away from home for several days or longer.

A tax-paying, investor-owned electric utility

# Highway Dept. Plans Cutbacks

AUSTIN  
Some 600 jobs in the State Department of Highways and Public Transportation will probably be eliminated by Sept. 1, 1976 Engineer-Director Luther DeBerry said today.

The new cutbacks follow earlier layoffs last fall in the department's efforts to shape leveling-off revenues to meet rising costs of highway work. Since Sept. 1, 1975, some 2,250 jobs have been eliminated.

"Our dollar simply buys significantly less actual highway construction and maintenance than it did a few years back. That means fewer projects and fewer projects mean fewer employees," DeBerry said.

The number of department employees has been declining since a 1972 peak when many Interstate Highway construction projects were underway. For some time, not all vacancies created by retirements or resignations were filled. Last year, however, layoffs were required to balance obligations against revenues.

Statewide, the department's work force has dropped from about 20,000 persons in 1972 to 14,850 by Sept. 1, 1976. DeBerry said it may be necessary to eliminate 800 other jobs next year unless additional revenues are made available to offset inflation.

If this cutback is necessary, jobs will be trimmed across the range of department positions, including professional as well as non-professional workers.

Funds for highway development are derived chiefly from state and federal taxes associated with the use of a motor vehicle. During the 1960s, the growth in vehicle ownership and in motor fuel tax collections was sufficient to offset effects of inflation.

In the early 1970s, however, inflation reached double-digit proportions while revenues available to the department continued at about the same rates, and later, the rate of growth began to decline.

"It is ironic that we must reduce our forces, laying off experienced people when a huge backlog of work remains to be done," DeBerry said. "However, resources now and in the future simply

## Penalty Told For Misuse Of Farm Plates

One of the most common violations of motor vehicle registration laws in Texas is the use of farm registration plates on a vehicle used for non-farm purposes.

Farmers and ranchers pay only half the normal registration fee for plates on vehicles used solely for farm purposes and certain personal activities of farm and ranch families.

The law is specific in stating that a farm-registered vehicle "may not be used for other gainful employment."

"Violation of this statute is considered a misdemeanor punishable by a fine of \$25 to \$200," according to R. W. Townsley, director of State Department of Highways and Public Transportation's Motor Vehicle Division.

Townsley said a farmer or rancher may not use his farm-registered vehicle as a means of transportation to an industrial job, nor for hire—even if it is for the transport of farm or ranch products.

Violations frequently occur when a farm-registered pickup is sold to a non-farm operator, Townsley said. In such instances, the plates must be surrendered and application made for new registration, he added.

### Rust Retardant

Rusty Nails may be funny as a comedian, but not on the side of a house. Avoid rusty spots and streaking on outside siding by using nails that are hot-dip coated with zinc or made of aluminum or stainless steel.

Fences and screens built of western cedar are a durable investment.

will not be adequate to meet other than the highest priority needs."

A statewide study now is being conducted by the department and a private consulting firm to determine needs and priorities.

In addition to personnel cutbacks, the department has instituted a wide range of cost-cutting moves.

DeBerry said the inflation revenues squeeze is not peculiar to Texas; many other states are experiencing the same difficulties.

## Servicemen

MARTIN LONGWAY  
Airman Martin D. Longway, son of Mr. and Mrs. A. L. Longway of Rt. 2, Thorndale, has received a new assignment following graduation from the aircraft maintenance specialist course conducted by the Air Training Command at Sheppard AFB, Tex.

Airman Longway, who was trained to maintain, repair and service aircraft currently in use by the Air Force, will go to Bentwaters RAF Station, England, for duty with a unit of the U. S. Air Forces in Europe. Completion of the course enables the airman to receive academic credits through the Community College of the Air Force.

The airman attended Thorndale Schools.

## Blinn Offers Three New Programs For Fall Term

BRENHAM  
Blinn College will offer three new programs this fall which will lead to an associate in applied science degree.

The Texas Education Agency recently approved new two-year programs in Real Estate, Long-Term Health Care (Nursing Home Administration), and Clerk-Typist.

The Real Estate Program is a two year college program designed to develop the fundamental skills and knowledge required in various real estate positions.

Objectives of the program include assisting persons in qualifying for licensure and broadening the educational

experiences for persons already holding a license.

Two courses in real estate, Principles of Real Estate, and Real Estate Law, will be taught on the Brenham campus this fall.

The Long Term Health Care Program is designed to develop the fundamental skills and knowledge required to be an effective Nursing Home Administrator.

The program will provide the necessary education required to qualify for licensure as well as help broaden the educational experiences of persons already holding a license.

Blinn will offer two Long Term Health Care courses this fall—Introduction to

Nursing Home Administration and Nursing Home Administration Law.

The Clerk-Typist Program provides the knowledge and skill necessary to perform general clerical work requiring the use of the typewriter in majority of duties. The Clerk-Typist Program does not require shorthand since some clerical jobs do not require this skill.

This program is an addition to the Secretarial Training and General Business Programs already offered at Blinn. Within the Secretarial Training Program, the student has a choice of executive, medical, and legal secretarial training. A wide variety of courses for these

office occupation programs will be offered this fall. For additional information about these programs, students should telephone the Dean of Instruction Office at a.c. 713 836-9311 in Brenham.

Acids in fruits, salads and similar foods quickly etch marble when allowed to stand on an unsealed surface. Even on sealed marble, they should be removed at once.

## Prepriming Helps To Shield Siding

Preprimed or stained cedar siding saves hours of work, weatherproofs all surfaces of the boards, and minimizes surface troubles for years to come.

Wood siding can be stained clear or in almost any color tone, as well as being painted. Many lumber yards now have equipment for dipping or machine-brushing on a primer coat, whether paint or stain.

## Tomatoes Available All Year

AUSTIN—Every tomato lover looks forward to those times of the year when vine-ripened tomatoes are in supply. But what about those in-between times of the year when tomatoes are out of season?

Greenhouses, with their carefully controlled climates, supply at least part of the answer for Texas consumers, according to Agriculture Commissioner John C. White.

At last count, there were over 300 greenhouses in the state. The majority of them produce tomatoes, with a few producing alternate crops of lettuce or cucumbers. About 80 acres of tomatoes are grown under glass.

That acreage may seem insignificant when compared with the 7,300 acres of commercial tomatoes forecast to be planted in Texas in 1976.

**GREENHOUSE TOMATOES**—Yields for greenhouse tomatoes are up to fifty times greater than for field tomatoes, but they require much care, according to Agriculture Commissioner John C. White. The plants must be trained to grow up polyethylene strings that reach to the ceiling. The greenhouses are located in all parts of Texas.

## County Agent's Notes

# Scab Threatens Pecan Crops

By Bill McCutchen

Pecan scab is developing rapidly in pecans in Milam County due to recent rainfall and the fact that the inoculum overwintered.

I would advise that if you have a pecan crop, apply a fungicide now. Continue applications at two-week intervals as long as scattered showers prevail. Benlate and Du-Ter are the two more effective materials. Cyprax is still used due to lower price but is not as effective.

In the case of native pecans, I suggest apply a fungicide now, again in two- to three weeks, and during the latter part of July. An earlier application should have already been made on both native and budded pecans.

How much material to apply

is a common question.

A general guideline for homeowners is to apply 1/2 to 1 gallon of spray mix per foot of tree height. For large orchards, a spraying guide based on tree spacing and height is available at the county extension office.

## Cotton Market Outlook

Charles K. Baker, Extension marketing economist, says that over 80 percent of the Rio Grande Valley cotton has been contracted and buyer offers will continue in all areas throughout the growing and harvesting season.

He states that prices should remain good for at least another year, creeping up a little more.

There will be some temporary decreases but supply is too short to permit a sustained decline before the 1977 crop is harvested.

Charles says that this is the year of cotton if the farmer can produce a normal crop.

This is good news to Milam County farmers, who have had a tough time getting their cotton crops in and going. Seemingly someone will want the cotton this year if farmers can produce it.

## CHICKEN MARTINI CASSEROLE

4 whole broiler-fryer chicken breasts, halved, skinned, boned  
1/2 cup flour  
2 tsp. flavor enhancer  
1 tsp. salt  
1/4 tsp. pepper  
1/4 cup corn oil  
2 cups chicken broth  
1/3 cup chopped mushrooms  
1/4 cup dry martini mix  
1/2 cup sliced ripe olives

Sprinkle chicken with flavor enhancer, salt and pepper. Coat with flour. Heat corn oil in frying pan over medium heat. Add chicken and brown on all sides. Remove chicken to baking pan. Pour off excessive pan drippings and add broth, mushrooms and martini mix. Sauté and pour over chicken. Bake in 350 degree oven, uncovered, about 40 minutes or until fork can be inserted with ease. Garnish with olives. Yield: 8 servings.

For additional chicken recipes, send a postcard request to Commissioner John C. White, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711.

During 1975, Texas farmers raised the production value of the state's crops to almost \$3.2 billion, placing Texas fourth in national ranking.

## Consumers Eating More Red Meat

Consumption of red meats in the U.S. is maintaining a relatively high level, says Dr. Ed Uvacek, a livestock marketing specialist for the Texas Agricultural Extension Service.

Uvacek says that if the level of slaughter keeps up at the present rate, consumption this year will go up even more.

In 1975, the average American consumed 181 pounds of red meat. This breaks down to 120 pounds of beef, 4 pounds of veal, 55 pounds of pork and 2 pounds of lamb and mutton.

Although U.S. per capita consumption of red meats was high last year, it was still much lower than per capita consumption of red meats in Australia, the world's leading consumer of red meats.

The average Australian consumed about 39 more pounds of meat last year than an individual in the U.S.

The Texas A&M University System specialist says that livestock production restrictions need not be based on consumption levels.

"Livestock producers can safely assume that there is no practical limit to the per capita consumption of red meats in the U.S.," says Uvacek.

## Portable Gardens Add To Scenery

In this age of mobility, even gardens can be portable so that they can provide for a changing landscape scene.

Everett Janne, a horticulturist for the Texas Agricultural Extension Service, says that shrubs, trees, vines, and flowers can be grown in portable containers and moved from the service or rowing area when at their prime to supplement the permanent landscape planting.

"There can be instant beauty with pots of geraniums, begonias, or petunias. Plants can be in the spotlight when they look their best and can be banished when they decline in beauty."

Janne suggests using sturdy containers such as tubs, barrel halves, clay pots, or wooden boxes. Wooden containers should be made of moisture resistant wood such as redwood or cedar. All containers should provide adequate drainage.

Potting soil that is both porous and moisture retentive should be used.

"Plants in containers dry out much faster than those growing in the ground and will have to be watered more often," says the Texas A&M University System specialist. "During hot dry weather they may need watering every day."

Janne advises using a complete soluble plant food about once every three weeks after the plants are well established and growing.

He also offers a few tips to make moving plants easier. "Plan moving a few days in advance. Plants will be much lighter and easier to move if the soil is dry. Use a dolly, wagon, piece of canvas, or some other carrier to ease the moving task."

## Field Day For Angus Producers

The Hub of Texas Angus Association will hold its annual field day on Saturday, June 26 at Ben H. Varner's Angus Farm on Spring Lake Road, Waco.

There is no charge for registration which starts at 8:30 a.m. and continues through the day. The program will be of interest to all cattlemen and will include: Junior members cattle judging contest.

Artificial insemination demonstration, F.B. Nunnally, Texas State Institute of Technology faculty, and a registered Angus breeder from Hubbard.

Cattle investments, Venita Van Casple, ranch owner, author of "Money Dynamics" and professional financial planner from Houston.

Money, cattle and banking, E. R. Esch, president and chairman of the board, First National Bank, Oglesby.

Scan-O-Gram, Dr. Frank Orts, meat specialist, Texas A&M University, College Station.

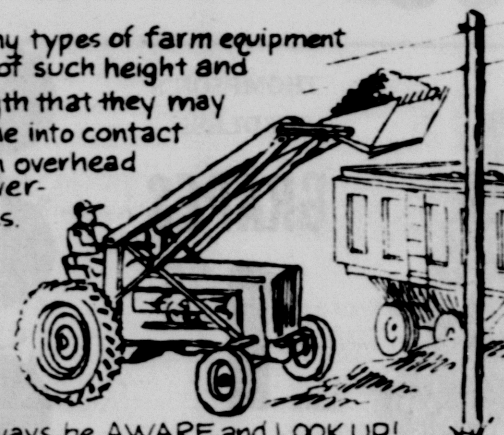

Cattle marketing, Extension service staff, Texas A&M University.

A Texas style barbecue lunch will be served. All cattlemen, Angus breeders, students and those interested in agriculture are invited to attend.

Additional information can be obtained from John W. Laufenberg, Rt. 2, Box 180, Crawford, TX 76638.

# Play it Safe ...don't get grounded!

Many types of farm equipment are of such height and length that they may come into contact with overhead power lines.

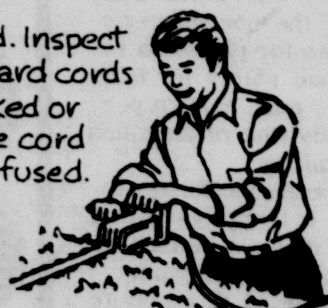

Always be AWARE and LOOK UP!

In today's modern convenience minded life style, there are many appliances and tools that make upkeep and maintenance easier and faster. Many are electric and require the use of an extension cord that can be cut or entangled. Always use three wire grounded cords or make sure the appliance

is double insulated. Inspect and repair or discard cords that may be cracked or damaged. Be sure cord circuit is properly fused.

Metal, metal reinforced or wet ladders that you might use around your home or farm are excellent conductors of electricity. An extended ladder can be hard to handle and fall against overhead wires. Before working with a ladder of any type, always look up and check if any electric wires, service drops or electrical equipment may be close to the area you're working in. BE AWARE!

A consumer owned Electric utility bringing you the most dependable source of energy  
... at the lowest possible price.

## Graduate Course Offers Chicano Study

A new graduate course that will be offered at The University of Texas in the fall aims at giving social studies teachers a background in Chicano culture. "There is a need for educators to understand the different cultures in our society, so they can cope with problems they encounter in the classroom," said Assistant Prof. Gloria Contreras, who will teach the course. She has planned the course as an aid to both elementary and secondary teachers. "Teaching the Chicano Experience" will offer teachers the chance to learn how to incorporate historical events involving Chicanos into their curricula. "I got interested in a class of this type because people would say to me, 'I would like to teach about the Chicano, but I don't want to promote stereotypes,'" she said. Dr. Contreras plans to expose the class to a wide range of reading materials and films at the Nettie Lee Benson-Latin American Collection at the University. At the end of the course, students will have research files and materials that can help them understand and teach the Chicano culture, she said. Dr. Contreras noted that response to the course has been good. She said she hopes it will lead to similar class at the undergraduate level for students preparing to be teachers. Information for the course, EDC 384, may be obtained from the Department of Curriculum and Instruction, College of Education, The University of Texas, Austin, Texas 78712.

## Noon Lions Auction Big Success

The 1976 version of the Cameron Noon Lions Club Radio Auction was bigger and better than ever, and raised a net total of \$4,871.90 for the club. There were some 245 items and 15 cash contributions donated to the auction. Lion Dan Long, Alvin Roberts, and Monroe Fuchs turned in yeoman service in organizing the 1976 auction and all Noon Lions Club members pitched in on this primary money raising project of the year. Last year's radio auction funds were used for numerous Lions Club projects including the new tennis courts at the Cameron City Park, eyeglasses, and others. Also three \$500 scholarships were given to 1976 Yoe High graduates from light bulb sales held during 1975. The Cameron Noon Lions Club members again thank Cameron area merchants and citizens for making the 1976 radio auction the biggest and best yet.

## Cedar Excels As Insulator

In these days of rising costs of heating and cooling, western red cedar siding is proving a good investment for its superior insulating ability, as well as its visual warmth. The wood's low density and fine closed cellular structure make it a barrier to passage of heat and cold that's many times better than masonry and metals, and also compressed fiber. In a remodeling, cedar siding can sometimes be nailed over the old, thus increasing the insulating effect.

## Afternoon Service Joins Couple

Miss Cheryl Ruth Fry and James Dalton Stanton Jr. were united in marriage during an afternoon ceremony Saturday, June 12 at the Cameron Gospel Tabernacle.

The bride is the daughter of Mr. and Mrs. John H. Fry of Cameron. The groom is the son of Mrs. Mildred Stanton of Temple and James D. Stanton Sr. of Buffalo.

Rev. H. M. Bowley of Cameron and Rev. C. B. Linerfelt of Buffalo performed the double-ring ceremony.

Furnishing the music were Mrs. Denton House of Cameron, organist, and David Martindale of Houston, vocalist.

Given in marriage by her uncle, John Bennett of Dallas, the bride wore a gown

of white champagne satin designed and made by her mother. The gown featured an empire waist line and a bateau neckline accented with alencon lace and embellished pearls. The sleeves were of chiffon, daintly tucked and caught by deep cuffs of champagne satin with tiny covered buttons. The controlled skirt was bordered in alencon lace and swept into a cathedral train which was also bordered in alencon lace to match the bodice.

Her cathedral length illusion veil was attached to a Juliet cap of alencon lace and studded with pearls to match her bridal gown.

On top of the mother-of-pearl Bible from Jerusalem

the bride carried was a cascade bouquet of white orchid and white carnations accented with wisps of gypsophila.

Mrs. Patty Stone of Waxahachie served as matron of honor. Bridesmaids were Miss Diane Bennett of Houston, cousin of the bride, Miss Pam Swindle of Houston, and Miss Viola Jackson of Houston. They wore formal gowns of flocked organza in the bride's chosen colors of the rainbow, and carried white baskets of spring flowers with sprigs of gypsophila.

Best man was Smead Lewis of Cameron. Groomsmen were Rex Le Galley of Buffalo, cousin of the groom, Jim Fry of Cameron, brother of the bride, and Thomas Stanton of Temple, brother of the groom.

Shannon Simmon was flower girl and Paxton Hendrix was ring bearer. Both are from Rockdale and are cousins of the bride.

The mother of the bride wore a light pink gown of chiffon with a dark rose corsage, while the mother of the groom chose a light beige gown with blue accessories and a blue corsage.

A reception was held immediately following the wedding at the bride's home.

The bride's table was covered with a cloth of white taffeta and overlaid with white lace gently gathered into scallops and held by lily-of-the-valley. An arrangement of spring flowers was centered on the table. The table also held the white tiered wedding cake decorated in the bride's chosen colors of the rainbow.

A brown brocade cloth covered the groom's table. A german sweet chocolate ring cake was served from this table.

The bride is a graduate of Buffalo High School and attended Southwestern Assembly of God in Waxahachie. The groom graduated from Fairfield High School and attended Christ for the Nations in Dallas.

After a honeymoon trip, the couple will reside in Dallas.

## Bridesmaid's Luncheon Fetes Bridal Party

Miss Jane Callaway and her bridesmaids were honorees at a bridesmaid's luncheon Saturday, June 5, at the Cameron Country Club.

The luncheon was given by the aunt of the bride-elect, Mrs. Harry Wolking of Shreveport, La.

The tables were centered with arrangements of spring flowers.

Miss Callaway presented gifts to the members of her bridal party. Mrs. J. L. Callaway, the bride's mother and the prospective groom's mother and grandmother, Mrs. C. J. Maddox and Mrs. J. B. Fikes were special guests.

Miss Callaway and Charles Maddox were married Saturday, June 5, in the First United Methodist Church.

## Yoe FHA Member Attends Workshops

Lizzie Taylor, 1976-77 parliamentarian for Yoe's FHA Senior Chapter, participated in the Leadership Conference Workshops held in Trinidad on Tuesday, June 8. Accompanying her were two advisors, Mrs. Thomas and Miss Stout.

Lizzie attended two small group workshops, one which pertained to her office and the other on "Encounter." Lizzie will also help conduct a workshop in the fall for all incoming freshmen enrolled in FHA.

## Engagement

Mr. and Mrs. E. J. Nobles announce the engagement of their daughter, Susan, to Raymond Jochec, son of Mr. and Mrs. Frank Jochec of Marak.

The wedding has been set for August 21 at the St. Cyril and Methodius Catholic Church in Marak.

You can have a tie-back drapery effect on either side of your bed by just hanging up bordered sheets.

## CB&PWC Holds Bicentennial Dinner

Members of the Cameron Business and Professional Women's Club gathered at their club house Thursday, June 10 for a bicentennial Victory Plan Dinner.

At the beginning of the club year red, white, and blue victory teams were organized to increase and improve attendance of membership. The losing team was scheduled to serve as hostesses to the winning team.

The losing team consisted of Fannie Jackson, Edna Mae Tate, Tellie McWilliams, and Louise Butler served as hostesses.

On June 21, the B&PW Club will celebrate their 50th anniversary and wish to invite all ex-members of the Cameron club to attend their anniversary party.

## Rummel Receives Clark Foundation Scholarship

Glen Rummel, a 1976 graduate of Yoe High School, has been awarded a Clark Foundation Scholarship of \$750.

Selection for the scholarship was based on the student's participation in UIL activities.

Glen has been active in UIL activities for the past five years. He was state finalist in number sense for the past two years, was a district winner in slide rule, and competed in the UIL Science contest.

He plans to attend Texas A&M this fall and major in electrical engineering.

## Vows Unite Angell-Vogelsang

Miss Rachelle Angell of Cameron and Ben Carroll Vogelsang of Ben Arnold were united in marriage Saturday, June 12 at the First Baptist Church Fellowship Hall.

Parents of the bride are Mr. and Mrs. Ferrol O. Angell of Cameron. The groom's parents are Mr. and Mrs. Iven Vogelsang of Ben Arnold.

Furnishing the music was Mrs. Eugene Moraw of Temple, organist; and Connally Neal of Temple.

Given in marriage by her father, the bride wore an A-line silk organza gown featuring an alencon lace trimmed molded bodice, sheer yoke pearl trim, high Victorian collar, and full sleeves with lace trimmed cuffs. Matching lace edged the fingertip mantilla veil. She carried a cascade bouquet of white marguerita daisies and baby's breath.

Serving as maid of honor was Cindy Shuffield of Cameron. She wore a pink chiffon dress which was accented by a sunburst neckline, an attached hankerchief cape, and a flowing skirt. Bridesmaids were Joyce Burnett, Lynn Laywell, and Karen Richardson, all of Cameron. Donna Angell of Cameron, sister of the bride, was junior bridesmaid. They wore matching dresses in pastel blue and picture hats, and carried nosegays of pink and blue carnations, white daisies, and baby's breath.

Best man was Eugene Moraw of Temple. Larry Rein- ders, Donnie Rein- ders, Bill Vogelsang, and Dennis Pel- zel, all of Ben Arnold, served as groomsmen.

Ushers were Rickey Rein- ders of Ben Arnold and Paul Olbrich of Burlington.

A reception was held fol-

lowing the ceremony at the First Baptist Church Fellowship Hall.

The bride's table was covered with a cloth of white organza which featured rows of rushing at the top and a nine inch ruffle edged with French lace. Centered on the table was an arrangement of pink, blue, and white pom poms and elegant carnations and baby's breath on a silver candle stick. The guests were registered

at a heart-shaped table draped with softly tucked blue taffeta.

Members of the houseparty were Mariann Gwartney, Etta Mae Angell, Debbie Laywell, and Debbie Shuffield.

The bride is a 1976 graduate of Yoe High School. The groom graduated from Yoe High School and TSTI.

After a short trip to Colorado, the couple will reside in Ben Arnold.

MR. & MRS. BEN CARROLL VOGELSANG

MRS. JAMES DALTON STANTON, JR.

# What you don't know about the cost of natural gas can hurt us all.

You know you're paying a lot more for natural gas, but you may not know why. The reason is basically simple:

The average price Lone Star has had to pay its 500 independent suppliers for gas we supply you has risen (about \$166,000,000 more in 1975 than in 1974\*). So we have to charge more.

If Lone Star were not able to recover these increased costs, we could run into some major problems.

First, we wouldn't be able to buy the gas this area needs. Short supplies of natural gas could handcuff industry.

When industry runs short, jobs begin to disappear. Production falls off. The tax base our cities, counties and school districts depend on begins to shrink.

That's why you need to understand how our industry works, why gas bills have to go up, and what Lone Star is doing to keep the increases as small as humanly possible.

### Some important questions.

Here are some important questions and answers about our service.

1. *How do our gas bills compare to other cities?* Our customers pay less for natural gas than most cities, including other cities in Texas.\*\*\* We feel we're doing a pretty good job of selling natural gas at the most reasonable price possible.

2. *Does gas cost adjustment guarantee profits for Lone Star?* Not at all. In fact, the company has been forced to initially absorb 15 per cent of higher adjustments. This is a serious loss that must eventually be recovered if our cities are to have adequate gas supplies in the future, and if Lone Star is to have a fair return, to which it is entitled by law.

3. *Who checks on Lone Star Gas?* The Texas Railroad Commission, after a thorough investigation, sets our base (or wholesale) cost of gas. They set the rate of return on the pipeline system that brings the gas from the well to your city. They also monitor changes in the monthly gas costs of Lone Star, and this monthly gas cost information is filed with each city we serve in Texas.

4. *How high will gas bills go?* Today, your bill is based on the average cost of gas to Lone Star of a little over one dollar per thousand cubic feet. Gas bills will continue to rise in the years ahead, but probably at a much slower rate than recently. It appears that the field price of gas is leveling out so that increases will be much more gradual.

### It's not all bad news.

Basically, all of those answers say that gas costs more than it used to, and it will continue to cost more.

But there is good news: As long as Lone Star is able to recover its costs, and as long as there is sufficient incentive for producers to drill for new gas supplies, we'll have the gas we need to keep this area moving.

All we ask is your understanding, and your cooperation, to make sure that happens.

If you have a question you'd like answered in an advertisement, write Consumer Information, Lone Star Gas, 301 S. Harwood, Dallas, Texas 75201.

\*1975 Annual Report filed with the Securities & Exchange Commission.

\*\*\*U.S. Department of Labor Statistics and recent surveys conducted of major Texas cities by Lone Star Gas Company.

## Killing Endangered Species Carries Tough Fines

A farmer who shot an ocelot eating his \$15 goat faces charges that could amount to a \$200 fine. The ocelot, a member of the feline family, is an endangered species and protected by both federal and state laws.

The Texas Parks and Wildlife Department and the U. S. Fish and Wildlife Service are required by law to prosecute anyone in violation of the Endangered Species Act," said George C. Adams

with the environmental branch of the P&WD. In the case of the ocelot, the federal government is doing the investigation and prosecution.

Texas law states that it shall be unlawful for any person to take, possess, transport, export, process, sell or offer for sale, or ship any endangered species of fish and wildlife within this state, and no person shall possess, transport, export, process, sell or offer for sale goods made from any endangered species not born and raised in captivity.

The endangered species list for Texas is:

**Mammals** - Blue whale, finback whale, right whale, sperm whale, black-footed ferret, jaguar, margay, ocelot, red wolf, West Indian manatee, and bighorn sheep. **Birds** - Brown pelican,

Mexican duck, southern bald eagle, American peregrine falcon, Arctic peregrine falcon, Attwater's greater prairie chicken, whooping crane, Eskimo curlew, ivory-billed woodpecker, red-cockaded wookpecker, and Bachman's warbler.

**Reptiles** - Atlantic ridley turtle, hawksbill turtle, leatherback turtle, and American alligator.

**Amphibians** - Cascade Cavern salamander, San Marcos salamander, Fern Bank salamander, Texas blind salamander, and Houston toad.

**Fish** - Big Bend gambusia, Clear Creek gambusia, Pecos gambusia, Amistad gambusia, San Marcos gambusia, Comanche Springs pupfish, Leon Springs pupfish, and fountain darter.

No person may take, possess, or transport endangered species for any purpose, unless they have a valid permit from the P&WD and the federal government.

These permits are issued under controlled circumstances for specific research purposes.

The penalty for violating any portion of the Texas Endangered Species Act is a fine of not less than \$100 nor more than \$200 for the first offense; a fine not less than \$200 nor more than \$500, confinement in the county jail for not less than 30 days nor more than 90 days for the second offense; or a fine of not less than \$500 nor more than \$2,000 and confinement in a county jail for not less than 6 months nor more than 1 year for the third or subsequent offenses.

### Corley's 83 Wins Tops In Tourney

Dan Corley won the 12 and 13 division with an 83 at the Thursday, June 10, tourney at Franklin.

Trevor Turner was runnerup in the 11 and under division with a 43 in nine-hole play.

This week the junior golf team travels to Hearne and next week, June 24, will play at Bastrop.

Anyone interested in playing with the team should call Jeff Webster at 697-2403.

### Baseball Scores

#### PONY LEAGUE

Thursday, June 10 - Blue Jays 14, Rosebud DQ Dudes 4. Winning pitcher was Darryl Vybiral for the Blue Jays and C. Hejl was losing pitcher for the Dudes. The Blue Jays leading hitter was David Rinn with three doubles in three times at bat.

#### MINOR LEAGUE

June 11, Bombers 9, Yankees 2. June 14, Tigers 7, White Sox 6.

#### LITTLE LEAGUE

June 11, Colts 4, White Sox 3. June 14, Braves 6, White Sox 5.

#### GIRLS SOFTBALL

In Monday night action in the junior division, the Rascals downed the Amps 24-8. Pam Lewin of the Rascals hit a home run in the second bringing in three players. Again in the third Angela Gornor cleaned up the bases with a grand slam home run.

Winning pitcher for the Dr. Pepper Rascals was Debbie Vans and losing pitcher for the R&R Electric Amps was Angela Wilcox.

## Obituaries

### Lowrey

Skinny (J. C.) Lowrey, 65, of Rogers, died Friday in a Temple hospital apparently after a heart attack which occurred earlier in his home.

Funeral was at 2 p.m. Saturday in the Gommert Funeral Home chapel in Rogers, with the Rev. Shelby Jones officiating. Burial was in Bellwood Memorial Park in Temple.

Mr. Lowrey was born in Bell County and was a retired roof contractor.

Surviving are his wife, Mrs. Ila Lowrey of Rogers; four sons, James C. Lowrey Jr. and Maylon Lowrey, both of Rogers, Maurice Lowrey of Cameron, and Gerald D. Lowrey of Nolanville; one daughter, Mrs. Joyce Crawford of Rogers; two brothers, L. H. Lowrey of Rogers and Dennis Lowrey of Texas City; one sister, Mrs. Eula Kelly of Temple; five grandchildren and two great grandchildren.

### Service Set At Maysfield, Cameron

A special service that will emphasize the Father's Day theme will be conducted at the Maysfield and First Methodist Churches of Cameron this Sunday.

The scripture lesson will be read from Genesis 35: 1-4 and the sermon topic will be "Jacob, The Ideal Father."

The special music will be under the direction of Jerry Bartley and Mrs. Hilliard Thomas will play the organ.

A report will be presented from a youth about the experiences that the 16 youths and 6 counselors had at Lakeview Assembly this week. The group will return home Friday afternoon.

Plans have been completed for Vacation Church School that will be held from July 19-23. Youth activities week has been scheduled for August 1-5.

Informal revival services will be held during the month of July at the morning services at the First Methodist Church of Cameron. The services will feature the singing of familiar gospel songs and choruses as the old-fashioned revival atmosphere will prevail.

### VA Must Approve

### Adaptive Equipment

Disabled veterans who are entitled to purchase or replace adaptive equipment for their automobiles with government financial assistance should check first with the Veterans Administration to make certain the equipment has been approved, Jack Coker, VA regional director in Waco, said today.

New VA standards as to the quality and safety of such equipment went into effect on January 1, 1976.

Coker said an estimated 63,000 disabled veterans of World War II and thereafter are eligible or have already received assistance in the purchase and equipping of automobiles.

## Statewide Baptist Plan Revealed

DALLAS — A statewide plan involving two million Texas Baptists lay persons and pastors in ministering to Texans with spiritual and physical needs was detailed here by the denomination's evangelism director.

Statewide surveys showed that 4.7 million Texans are non-adherents to the Christian faith, Dr. L. L. Morriss told the 192-member Executive Board of the Baptist General Convention of Texas.

"The studies have also shown that people are searching for the kind of friendship, warmth, and Christian ministry that churches and church members have to share," he added.

Dr. Morriss said the comprehensive "ministry evangelism" program entitled Good News Texas seeks to enlist every Baptist layperson, student, retiree, and youth in sharing Christ's message of love and faith in action.

The program calls for the State Convention to assist the churches through a statewide mass media campaign in the spring of 1977 to help create public awareness and receptiveness.

More than \$500,000 of the funds for the mass media campaign will be raised in the churches this fall through Texas Baptists' annual Mary Hill Davis Offering for State Missions.

Texas Baptist Woman's Missionary Union Executive Secretary Eula Mae Henderson told the board the special offering has a bicentennial year goal of \$1,776,019.76 for various needs across the state, including Good News Texas.

### Seminar To Deal With Plant Wastes

WACO — Management of wastes from slaughterhouses and processing plants will be dealt with in detail at a seminar at the Ramada here on July 29.

The seminar will deal with such concerns as water and air quality problems and requirements, reducing waste loads, energy use, wastewater treatment for small plants as well as treatment for larger plants by sand filtration and land application, and land disposal of blood and paunch manure.

Sponsored by the Texas Agricultural Extension Service and a number of other agencies, the seminar will begin at 8:30 a.m., announces Dr. John Sweeten, Extension agricultural engineer in animal waste management.

Sweeten invites all managers of slaughterhouses and meat and poultry processing plants as well as consulting engineers and other professionals to attend the seminar. County Extension agents across the state have details on the program.

### Amendment Proposed For Food Stamps

Testing of new administrative procedures, such as photo identification cards for food stamp users, could be allowed by the U. S. Department of Agriculture (USDA) under a proposed amendment to Food Stamp Program regulations.

USDA is planning to test the use of photo identification cards - in hopes of stopping unauthorized persons from getting food stamps.

This testing would allow the Secretary of Agriculture to evaluate test projects on a small scale, for possible national use. The proposed amendment gives states a chance to show administrative and cost benefits of procedures not currently authorized by program regulations. The proposal also outlines the way states may request the Secretary's approval to carry out test projects.

An empty spider web hangs suspended in a dry bush, a mere pattern of gray trembling in the breeze.

On a Sunday morning, people from many walks of life, carrying a myriad of joys and burdens, enter churches to worship.

Dew falls and the sun rises. God moves in the lives of His people.

Clothed now in dew, the once drab spider web becomes a chandelier of crystal rainbows - royal purples, velvet violets, fiery reds, some flecked with brightest gold.

People emerge from our churches, apparently unchanged, yet - different. What is the new meaning in their lives? What the deeper understanding? How has peace and confidence been renewed? A mystery? Perhaps! But not beyond experience.

Won't you join us in church this Sunday? Together, we will learn from the God who changes things.

## Gause News

By Mrs. Wanda Lee

The vacation bible school at the Baptist Church was a blessing this past week. There were over 80 enrolled with an average daily attendance of 64. Eight youngsters made a profession of faith and on Sunday four of them joined the Baptist Church and were baptised Sunday night.

Louis Brown of Katy spent this past week with Mr. and Mrs. M. D. Brown and Tammy. On Saturday they all went to Katy where they attended the wedding of M. D.'s niece.

Kevin and Keith Kyle of Austin spent this past week here with their grandmother, Mrs. Ariel Shaw.

Kelli McWilliams of Hearne spent the weekend here visiting with Mr. and Mrs. W. L. Ditto.

Buck Chandler was taken to the V.A. Hospital in Temple the latter part of last week after suffering a serious heart attack.

Mr. and Mrs. Henry Simons spent last weekend in Houston where they visited with Mr. and Mrs. "Tee Joe" Marks and Traci.

Mr. and Mrs. M. L. Palmer of Elgin and their granddaughters, Kathleen and Barbara Gale of Victoria visited Sunday with Mr. and Mrs. J. A. Young. Mrs. Mary Reed and children, who along with her husband, Larry, are now living in Gause, also visited with the Youngs Sunday.

Suzanne Lange of Mesquite spent this past week here with her grandparents, Mr. and Mrs. Louie Lange. Saturday they took her to Milano for a week's visit with her other grandparents, Mr. and Mrs. Johnny Haddox.

Mrs. Edith Miller, Regina and Trent of Milano attended church here Sunday and Lance and Kristi Lee returned home with them for an afternoon visit.

Kay Albright attended a birthday party for Staci Liner at the home of Mr. and Mrs. Marvin Liner Sr. in Franklin on Friday. Saturday Kay and Mrs. Lillie Harris went to Tyler where they attended the wedding of Miss Sharla Albright and Roger Derr.

Mr. and Mrs. Sylvan Wilson attended the Burney Family reunion at Mother Neff State Park on Sunday.

Mrs. Lillie Williamson, and Mr. and Mrs. Gordon Albright were in Tyler during the weekend to attend the wedding Saturday afternoon of Miss Sharla Albright and Roger Derr.

Mrs. Pearl Johnson of Houston visited here last week with Mr. and Mrs. Joe Moore Sr. Mr. and Mrs. Moore were called to Ennis during the weekend to be near another of Mrs. Moore's sisters who is ill.

## Night Class Registration Set At TJC

Preregistration for fall semester night classes at Temple Junior College will begin on June 28, according to Charles Stout, director of Admissions and Records.

Students should call the Counseling Office at Temple Junior College, 817-773-9961, extension 41, to make an appointment or a preregistration conference with one of the counselors. To begin preregistration students should report to the Admissions and Records office.

Any student who was not enrolled at Temple Junior College during spring semester or a summer school session in 1976 must submit an application for admission, an immunization certificate and official transcripts from all colleges and high schools attended. The document must be filed with Temple Junior College prior to the preregistration appointment.

Night school students who preregister on or before Aug. 11 can complete registration for the fall semester by mail. Additional information about the preregistration and registration procedure is in the fall semester class schedule booklet, which is available from the Admissions and Records office.

## FROM MAYSFIELD

Mrs. J. P. Wise

Mrs. W. C. Cooper was in Temple several nights last week visiting with her daughter, Mrs. Frank Newton of Houston who was in Temple all week on business.

Mrs. Roy Newton, Mrs. Mariema Massengale, Mrs. Doris Gleason, and Miss Mary White went to Austin Friday. Mrs. Newton went to see her eye doctor. They visited with Mrs. Paul Kicke at Breckenridge Hospital where Mr. Kicke had surgery Friday. He is in serious condition after brain surgery. Mrs. Kicke is the daughter of the late Mr. and Mrs. John Thweatt.

Mrs. Mary Sherrill and Miss Mary Carleton and Mr. Victor Carleton of Cameron visited Mrs. J. P. Wise Friday afternoon.

Mr. and Mrs. Larry Thweatt of Austin are the happy parents of a little daughter. She is welcomed by a 4-year-old brother, Lee.

Carl Cooper of Bastrop visited his mother, Mrs. W. C. Cooper several days last week.

Mrs. J. P. Wise visited the C. R. Laws in the Salem community Saturday afternoon.

Mrs. Marguerite Massengale visited her daughter and family the Wesley Jareshes in Dallas last week, her grandson Don Juresh returned home with her.

## Program Honors Retired Director

**COLLEGE STATION**  
A capacity audience of approximately 2,500 persons filled the Rudder Center Auditorium at Texas A&M University June 9 to honor Dr. John E. Hutchison, director emeritus of the Texas Agricultural Extension Service.

Hutchison, a professional agricultural educator in Texas for 40 years and director of the Extension Service for the past 18 1/2 years until his retirement on Feb. 29, received high praise from national, state and county government leaders, agricultural leaders at the state and national level, longtime friends, and Extension Service associates.

Twenty-seven speakers were featured in person or with tape recorded messages during the two-hour program honoring Hutchison and his family.

Miss Terri Gleason of Houston is visiting her grandmother and aunt, Mrs. Doris Gleason and Miss Mary White. Mr. and Mrs. Fred Hefti spent Sunday with her son and family, the Donald Thweatts in Belton.

Mr. and Mrs. Mike Henderson and children and Mrs. Ina May Jekel and children of Austin spent Friday night with their parents, Mr. and Mrs. Johnny Yates.

## State Fair To Feature Swine Show

The second annual State Fair Feeder Show Barrow Show & Sale will be held October 15-17 during the 1976 State Fair of Texas. Again, the sale will be under the direct supervision of the Parker County Swine Breeders Association with Sam Sparger serving as Superintendent of the show and sale.

"A sale such as this can offer quality and a quantity of animals to select show prospects from with less time and travel involved for vocational agriculture teachers, county agents, and their junior exhibitors," stated Don Clark, livestock manager. "The 1975 sale gave indications that breeders can bring quality animals to the sale and receive good prices. We hope to have a bigger and better sale this year."

Exhibitors may enter as many as five bours or barrows and be awarded as many as four places in one class. Entries are to arrive at the Fair as early as Thursday, October 14, and not later than 9 a.m., Friday, October 15. All pigs must be removed from the Swine Building by noon, Sunday, October 17.

Entry fee is \$3 per head for the show with exhibitors competing in 8 breed-weight classes. Premium money will be paid on a sliding scale, depending upon the number of animals per class.

Sale fee will not be less than 5% or more than 10% of the sale depending upon the gross sale receipts. The top 250 pigs will be sold in the sale with pigs weighing at least 40 pounds and not over 100 pounds to qualify.

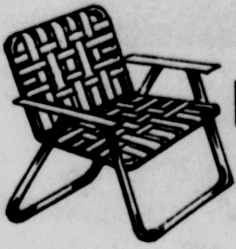

Entries will be judged on Saturday, October 16, beginning at 12 noon by Dr. T. D. Tanksley Jr. of Texas A&M University. The sale will begin at 7 p.m. in the Swine Building.

## COME TO THE FunFair Fiesta

Citizen's National Bank is marking its 76th birthday with a south-of-the-border celebration, and everyone is invited.

The FunFair Fiesta begins June 21 and ends July 16... that gives you plenty of time to register for the Grand Prize... 4 days and 3 nights in romantic Acapulco for two. Hotel and roundtrip airfare from San Antonio paid.

There'll also be 4 weekly drawings where you can win a comfortable Hammock... a great way to enjoy a siesta while your savings grow at the Citizens.

And that's not all... make a deposit in a new checking or savings account or an existing savings account and you can select your gift of beautiful Stoneware Hanging Pottery with cactus plants.

The Citizens has Pinatas, Balloons, Pennies in a bottle for the kids... and coffee and cookies for everyone.

It's Fun, it's a Fair, it's a Fiesta and it's the Citizens way of saying thanks for 76 years of serving you.
